Baby, you been so freaky to me
So addicted to me
Baby baby ya been so freaky to me
So addicted to me
Baby baby

[Verse 1]:

Baby let me ride smooth
And cruise straight up
Cause that's wat gangsters do
I floss you
I talk about you
I would take you around my homies
If I damn trust you
So watchu wanna do
Babydoll watchu wanna do
Wanna kick it with some thugs this weekend (weekend)
Get all homegirls
Cause my homie sleepy is getting all the pussy
Watchu wanna do
I'm all you need
A straight parolee from the street
I'm paking heat under the seat
You hear me get down
Then we'll bounce to my homies house
We'll talk and make-out
Cause I love wat you're all about

[Chorus:]

Baby you been so freaky to me
So addicted to me
Baby baby ya been so freaky to me
So addicted to me
Baby baby

[Verse 2:]

Swear he don't quit
Don't twist
Cause my mind is all about that gangster sshhh
You know
I do wat I gotta do
Now let's bounce in yo ride

Speed up 6 fly
On the freeway
With the top down
All eyes see a gangster
Jus drink and drive
It's alright
This night's for you
And only you
I'm on a mission for some flowers too
You say I look good with my tatoos
You say I look good with my gangster suit
But wat about u girl
Beautiful eyes, beautiful smile
And yo body look G
With the G strings that I bought you
(Baby) I'm all you need
You need g's, you got it
You need love, you got it
Need a gangsta, you got it

[Chorus:]

Baby you been so feaky to me
So addicted to me
Baby baby ya been so freaky to me
So addicted to me

[Verse 3:]

Babygirl in touch with a G
A parolee running from the police
A criminal with felonies
And you still wanna marry me
It's me and you
Nothing can stop us
Nothing can stop us
Naw girl not he not mine not yo family
So let's celebrate
Let's kiss and let's hug everyday
Like it was october 12
That's yo birthday
When you want
And I'll be there for the other one
And the other one
It's me and you til eternity
Making love righteously girl
I'm all you need
You need g's, you got it
You need love, you got it
Need a gangsta, you got it

[Chorus:]

Baby baby you been so freaky to me
So addicted to me
