I can't be happy, I feel so blue
All my worry 'bout the way you do
I can't go wrong, said I'm with you
It hurts me too

That man don't love you, he tell me so
In love with your girlfriend, she lives the next door
I can't go wrong, said I'm with you
It hurts me too

Don't look up, babe, please don't look down
Make love with Snooky, we'll skip this town
Well, I can't go wrong, said I'm with you
It hurts me too

But my babe, you can't just go
I know it's gonna hurt you but it won't let long
Well, I can't go wrong, said I'm with you
It hurts me too
