*[Snoop Dogg]*

1800, I'm blunted, fa cert'

Snoop D-O-dub', pocket full of dubs

All my niggaz dubs, rollin on candy

Feelin like meh, square bitches can't stand me

Hey! My niggaz turnt up, I'm a beast bitch

West coast, I'm on the East bitch

When I'm in the place, the hoes lose it

They say they love me, and the music

The spot jerkin, they be gettin low

She wanna roll, that's what I'm here fo'

I threw a grand up, and watch it come down

That ain't for you bitch, I like to hear the sound

Now put your hands up, I wanna see you work

She blew a kiss, I blew the purp'

I'm geeked up girl, I'm on my tip too

My niggaz all on, and I'ma get you

*[Chorus]*

*[Snoop Dogg]*

1800, I'm blunted, fa cert'

Snoop D-O-dub', I'm higher than a mug

Cameras goin off all the chickens want hugs  
And when I'm on the bill I fa'sho' fill the club  
E'rybody know me, nigga I'm a star  
Long Beach Laker, see the faces in the car?  
Pimpin what it do, she poppin like a pill  
1800 then my hand made it spill  
Your party on E, if Snoopy don't come  
You smoke about a zone, I smoke about a drum  
Burnt in the club, my hands on her thigh  
A Eastside nigga put his hood in the sky  
She like what I say, I like what she do  
Turn that ass around and drop it like a fool  
I'm geeked up girl, I'm on my tip too  
The homies all on, but I'ma get you

*[Chorus]*

*[Snoop Dogg]*

1800, I'm blunted, fa cert'  
Snoop D-O-dub', turn that shit up  
I don't buy bub, tequila got me goin  
Burnt in the club, and e'rybody known  
Nigga I'm a boss, I do what I do  
Millionaire status, nigga who is you?  
My locs on bright, baby look at me  
She like how I talk, I get it from the P  
Lil Jon did it, the party goin dumb  
Put it in the air, listen to the drum  
Snoop Dogg said it, we gettin turnt up  
Swishers all around, gettin burnt up  
Look at how I do, I grab her by the waist  
Whisper in her ear, then I touch her on the face  
I'm geeked up girl, I'm on my tip too  
E'rybody on, but I'ma get you (LET'S GO!)

*[Chorus]*

*[Lil Jon]*

OA-KAYYY!
