feat. IZA

Brand new start, brand new us
Brand new heart
I'm not scared, I'm alive

I can run through glass, to be with you
Despite not gonna last, no one can ever be sure
Oh, forgive me if I sound too sweet
But it's your fault, you make me weak in my knees
So please, talk to me
For real, I just scream
I feel so free, please come to me
Let me feel you

Cause it's a brand new start
Brand new start
It's a brand new us
It's a brand new heart
I'm not scared, I'm alive

I can run through glass, to be with you
Despite not gonna last, no one can ever be sure
Oh, forgive me if I sound too sweet
But it's your fault, you make me weak in my knees
So please, talk to me
For real, I just scream
I feel so free, please come to me
Let me feel you
Can't you see I'm not afraid

Cause it's a brand new start
Brand new start
It's a brand new us
It's a brand new heart
I'm not scared, I'm alive

Cause it's a brand new start
Brand new start
It's a brand new us
It's a brand new heart

I'm not scared, I'm alive

For real, I just scream
You're the only reason
I feel so free, please come to me
Let me feel you
I'm not afraid.
