snoop dogg:-
king of california
california king
face to face, wrist to wrist, toe to toe, eye to eye
this is it, kiss your lips but to no avail
it's like a seashell, i can hear you but i can't see you
you a wishing well, girl i wish you well
kiss and tell, i need your touch
i'm in the bed all alone, puffin' on a blunt
i guess i need to leave you, but i know i won't
frequently, sleep with me, creep with me
spend a week with me in paradise
california dreamin', skeemin' you got me gleaming
i need you on the teamie, you get my meaning
it sounds crazy, but it's amazing
lay down with meso we can make some babies

rihanna:
in this california king bed
we're ten thousand miles apart
i've been california wishing on these stars
for your heart on me, my california king

eye to eye
cheek to cheek
side by side
you were sleeping next to me
arm in arm
dusk to dawn
with the curtains drawn
and a little last night on these sheets
so how come when i reach out my fingers
it feels like more than distance between us

in this california king bed
we're ten thousand miles apart
i've been california wishing on these stars
for your heart on me, my california king

snoop dogg:
you and me, me and you we can be baby

all i want is you, you can be my lady
and i say that, let it go, lay back
baby bue you know we go way back
you and me, me and you we can be baby
all i want is you, you can be my lady
and i say that, let it go, lay back
baby bue you know we go way back

i make the bread, make love, make the bed
girl you got me taking my maze and shaking my head

rihanna:
in this california king bed
we're ten thousand miles apart
i've been california wishing on these stars
for your heart on me, my california king

fading:
in this california king bed
we're ten thousand miles apart
i've been california wishing on these stars
for your heart on me, my california king
