Yeah, brand new Snoop Dogg
Somethin' to crack the New Year off, you dig?

One for the trouble, two for the bass
Come on everybody let's rock this place
One for the trouble, two for the bass
Come on everybody let's rock this place

Doggy Dogg, you are the best
Rock this beat 'cause you are so fresh
Doggy Dogg, you are the best
Rock this beat 'cause you are so fresh

Well if you insista I guess I'll twista
But, give me a minute while I freak your sista
Push the pista up against her
No offenseta but this pimpin' mista
Bow your fist up or hold your cris up

Light that bitch up and blow your sist up
This that shit to get your jive talkin'
East side RTC walkin', people, people listen closely
I say it 'cause mostly when y'all approach me
Stay low key and keep it OG and don't try to burn
rubber on me

I loved your movies, you're awesome Snoop
(Can I get a flicc withchu?)
I buy your records, everything you do
(Can I get a flicc withchu?)

My daughter loves you, she's only two
(Can we get a flicc withchu?)
You a handsome fella, you kinda cute
(I really wanna get withchu)

Doggy Dogg you are the best
Rock this beat 'cause you are so fresh
Doggy Dogg you are the best
Take this shit back home to the West

Melissa Brista in San Francisca

The cute little sista with the feet for blista
Say that I dissed her 'cause I wouldn't kiss her
But I got her a picture said, "I'll holla back witcha"

Hey, they say that I'm like Mr. Bigsta
All these bullshit moves that missed us
Divide in twisters we buy relistas
We mind my listnats 'cause I'm a mista

Design by mimstas these time are senistas
But I'ma finished her on the ground until it's done
Knives and silly clubs hoes and fake thugs
Pimps, players and all of the above

I loved your movies, you're awesome Snoop
(Can I get a flicc withchu?)
I buy your records, everything you do
(Can I get a flicc withchu?)

My daughter loves you, she's only two

Ooh we
Yeah, that's bangin' loco
For shizzle

Oh, were was I? Oh yes, spittin' to flip ya
Comin' through scriptures, straight your ditchas
Pigs won't pinch us, won't just miss us
And they wanna French kiss us

Pack the pistas, twist don't twist us
Roll with me on this dog adventure
But you can't enter without your credentias
And if you get in, you might get a picture

So sit your shit down, go on and get down
It's huggy baby, it's comin' in your town
You don't wanna miss this, it's just like Christmas
So make your wish list and go on and flicc this

I loved your movies, you're awesome Snoop
(Can I get a flicc withchu?)

Follow the bouncin' ball, say, who do you call, who do
you call?
Oh, for real yo on the dilly do
Oh, follow the bouncin' ball baby, yeah warm me up

Burn it up, keepin' your hot spot hot
Turn it up, shake what you got, you got a lot
Burn it up, keepin' your hot spot hot
Turn it up, shake what you got, you got a lot

And I ain't playin' when the player play
Hold it, when the player play
