That's My Work: Volume 1
Check it out ya'll

How do you want it?
I want it fried
How do you like it?
I like it with rice
How much do you eat it?
I eat it all the time
Chicken chicken chicken, that's right

Love it when churches do the special jobs for me
I only pay a dollar for any 2 piece
Can shoot shop there inside including greens and
baked beans
It's finger lickin good and it makes me wanna scream

How do you want it?
I want it fried
How do you like it?
I like it with rice
So much do you eat
I eat it all the time
Chicken chicken chicken, that's right

Pulled up to pop drive out through, said that they were
close
I pulled up to the window and I asked for the manager
Joe

Two order rides for some chicken and biscuits
I took the spoon, dove right in

To the red beans and rice
My girl Ashley had some flies
Mac and cheese, call a greens

How do you want it?
I want it fried
How do you like it?
I like it with rice
How much do you eat it?
I eat it all the time
Chicken chicken
Chicken chicken,
Wings on the chicken
Breast on the chicken
Knives on the chicken
Langs on the chicken
Chicken, chicken, that's right uuuh

I want some grub around chicken with green on the
side
I want mac and cheese, good apple pie
I want some fried ocre that could fill me up more
If you tell em how you like it, you can get it for sure

So how do you want it?
How do you like it?
I like it with rice
How much do you eat it?
I eat it all the time
Chicken chicken, come break it down

I don't want no beef no
I don't want no ham no
I don't want no turkey no
I don't want no fish no

All I want is my chicken ya'll
All I want is my chicken ya'll
All I want is my chicken ya'll
All I want is my chicken ya'll

I don't want no ham no
I don't want no turkey no
I don't want no fish no
No beef stroking off

All I want is my chicken ya'll
All I want is my chicken ya'll

All I want is my chicken ya'll

Oh Lord, hallelujah yea
So they gave that chicken to thies
And they gave that chicken to wagging angs
And they gave that chicken to prostesses her
And they gave that chicken to eggs
Said I believe that the chicken died
So that we might live

How do you want it?
How do you like it?
How much do you eat it?
All the time
Chicken chicken chicken, that's right
