Let cho' mind not be confused  
If you can walk this walk nigga take my shoes  
New fools, you fools, these fools, all y'all

He ain't trippin, I ain't trippin, but y'all niggaz still dissin  
To me, some of these suckers'll never get it  
Full clip and if I miss it I'ma tip it on the Crip  
and DoggHouse in your mouth, now tell me how you

Who the villain, you the villain? Nigga Ren is "The

My homey from the C-P-T, cold chillin  
Now as time flies by I see the game gettin mo' reala  
as I get mo' scrilla, can you dig it?  
I always tend to come widdit  
Gravy train on your brain, nigga come get it  
I'm too young to retire, I'm havin fun wit it  
See when you learn what to do with it, I'll be done with it  
Come with it

[Chorus: KoKane, Snoop]

Go.. (just go away).. go a-way!

[S] Niggaz can't be trusted

[K] Just come back another day

[S] Niggaz be on bitch shit

Just go a-way..

[Snoop Dogg]

Now she said she don't like a G  
Well listen here bitch, get the fuck from 'round me  
You thought you was bout to get a drink on me?  
I put hands on you bitch like Suga Free  
I always let a bitch know her boundaries  
Same with a nigga, I treat him like a flea  
You claim to be, you aim to be in my spot  
Motherfucker - you will get popped (BLAOW)  
Not, knowin who you fuckin wit, niggaz be on bitch shit  
Nigga we be fuckin quick, nigga we ain't talkin shit

When the heat speak, niggaz be on bitch shit  
Tryin to get somewhere, coverin up they biscuit  
And then he in the club, all up on my dilznick  
But when I leave, you niggaz pullin trick shit  
But it's cool, cause niggaz gonna miss this  
Cause I'ma keep it all business, what is this?

[Chorus]
