Yea

Shout out to my nigga that put me in the game at an
early age

Showed me how to hustle

I won't disclose his name

No need to debrief

But I'mma be real brief with this shit right here mane

Shout out to all the real hustlas around the world

It's you money man

Ya dig?

(I gotta hustle) cuz I need it, man you know I want it

From the necklace to the dubs, to the 50's, to the
100's

(I gotta hustle) baby boy need a new winner

And my wifey on my line wanna take her out to dinner

(I gotta hustle) and on top of that

I just bought a brand new Cadillac

With the sun rooftop, put diamonds in the back

Pocket full of money, with some diamonds on my neck

Man, I gotta hustle

I gotta put some money in my pockets

Still hatin on the nigga, tell cuz he better stop it

Five stacks and my slacks on profit

Gally good shit, my blood bout to spark it

You ain't yella take a risk, that's the mark shit

I'm selling dope, by my new bitch apartment

We coming up, now these busters wanna start shit

Caution for your melon - I'll squash it

I gotta hustle, you see my ki is rootin full

I wish you would tuck me boy, my niggas lookin
forward

And guess what, I don't even tell em do it full

But do a nigga wrong, watch him start shootin folk

Bomb shit, if I tell er she gon do it for me

That's my bottom bitch, she love to give me your
money

I gotta get it, wutchu think I stand for?

Wake up on my hustle, I ain't playin boy

(I gotta hustle) cuz I need it, man you know I want it
From the necklace to the dubs, to the 50Â's, to the
100Â's
(I gotta hustle) baby boy need a new winner
And my wifey on my line wanna take her out to dinner
(I gotta hustle) and on top of that
I just bought a brand new Cadillac
With the sun rooftop, put diamonds in the back
Pocket full of money, with some diamonds on my neck
Man, I gotta hustle

I stay up in the mix
IÂ'm worried about my money, you worried about a
bitch
Sucka nigga, get some money nigga
Word around the town that you downs a hustla nigga
Uh, slippin through the cracks of life
I hit the weed once, then I pass her like
IÂ'm really fucking with it, IÂ'm on some boss shit
Get kicked up, eating lobster and shrimp
I got my bizniss cup, gotta walk in the strip
Overseas bitches, talking in French
They might not understand the flow but they
understand the chips
You never seen a motherfuckin hustla like this
Ha ha, where was I? oh yes
The world is a bitch so I got her selling sex
Glamour underneath, extra clip around my sweats
Hustle like my uncles nigga, I ainÂ't rich yet
LetÂ's get this money, nigga

Hustle cuz I need it, man you know I want it
From the necklace to the dubs, to the 50Â's, to the
100Â's
(I gotta hustle) baby boy need a new winner
And my wifey on my line wanna take her out to dinner
(I gotta hustle) and on top of that
I just bought a brand new Cadillac
With the sun rooftop, put diamonds in the back
Pocket full of money, with some diamonds on my neck
Man, I gotta hustle

Young pilot been around, yea, itÂ's going down
Serve it by the pound, IÂ'm tryina double bubble

Fly like GÂ's, what a nigga rep
IÂ'm tryina get rich, my chips with dip
On the freeway, hot box the whip
Got the car from the dog, now we chill in this shit
Young pilot go to school, AB I rep

Keep the weed lit, serious pal
Take flight and I land on the stage of the strip
Like D Dimes catch us 80 shraw
I walk with a lip, tryina stack my paper
Take flight bitch, IÂ'mma fuck in the scraper
Got bitches blatin, going hard
My goons yea they gon stomp your yard for this paper

Hustle cuz I need it, man you know I want it
From the necklace to the dubs, to the 50Â's, to the
100Â's
(I gotta hustle) baby boy need a new winner
And my wifey on my line wanna take her out to dinner
(I gotta hustle) and on top of that
I just bought a brand new Cadillac
With the sun rooftop, put diamonds in the back
Pocket full of money, with some diamonds on my neck
Man, I gotta hustle
