[Verse One:]

You know you gotta have heart
I told you niggas from the start
If I'm still in it I'm in it for life
Always stay down and keep my muthafucking game
tight
'cause ever since elementary or was it pre school cool
I was a muthafuckin fool
I had to have papers it was routine
A young nigga on a mission for them collard greens
I shake niggas, break niggas, make niggas , shank
theyselves
For fuckin with my wealth
and it'll catch on
'cause if it don't it's on
and 'cause I ain't even slippin when I'm all alone
Sittin back laughin' in the chronic zone
Clown me ya gone
Surround me it's on
and it's the same old song
Niggas paper so long

So if you want me, get me , got me
but now they call me Snoop Gotti
They call him Snoop Capone
Should of had shot him
and that's all I LBC betta yet
That's all I DPGC

[Verse Two]
Tryin to get some bones

With some dogg pound gangstas in front of my home
Bigg 6, bigg 5 3's with ya bitch
My girls in the kitchen cookin up some fish
Knuckle head nigga, thought I was slippin
I'm blastin at this nigga that was trippin
but I wasn't slippin I was on deck
I blast his ass peck peck know his shirts wet
With no remorse, I had to take him out
Dead gone lights out
I'm laughin at this shit cause it was funny
Fuckin with the dogg I take your life and your money
and now I dip too my spot
and bet nobody speak on the 8-7

and set up shop with yo rocks
'cause still all dogg go to heaven
From my hood to your hood
Game reconize it's all to the good
So heres a toast to the indo
Doing it like it's the thang to do

[Verse Three]
Freestylin C-stylin

Where the bitches and the bud come free

That makes sense and make big money
See Snoop is that nigga who don't half to play funny
