[Verse 1 - Snoop Dogg]

my mama told me never ever trust one, bust one and
break them
be about your paper nigger take it,
everyday's a hustle about these haters and my neck
something trying to get a check
but most ... does it, whose wanna call what it wasn't
try to kiss a nigger on in public, bitches you crazy?
i switch pimping not pussies should i heard it all
before,
i ain't no motherfucker rookie
i'm a grown bitch ...about the g's, i ain't tripping off
these walls
you know these rats are after g's
messing with my focus, the locust on the ground
baby focus your dick and keep your focus off my time
stay in the lane that i make for you to chill
until then it's been real, i gotta handle business
and you i know we're in it, see tripping gets you
nowhere
cause bitch i'm on that

[Chorus]

i don't need no bitch bitch bitch all over me
tripping and calling my phone always like it
i don't need no bitch bitch bitch cause starting shit can
only bitch don't even try it
i'm out here crying that's why
i don't need no bitch bitch bitch

[Verse 2 - Devin the Dude]

we used to rock to the rhythm that didn't stop
now you telling me i need to be getting out and go find
me a bitch
cause it's over and through
but why do i need a bitch when i got you
i don't mean it like it sounds, but we used to be a team
yo we used to have a dream yo we used to put our
things together
now it's dividing... negative, feeling inside, ...switching
they call my ... fuck one that once sucked my dick and
find it nothing

i don't need a, don't find, nothing to drink, i don't feed them
never mind them, i stay in front, i used to chase behind them

no, i don't want to find them

[Chorus]

i don't need no bitch bitch bitch all over me
tripping and calling my phone always like it
i don't need no bitch bitch bitch cause starting shitt can
only bitch don't even try it
i'm out here crying that's why
i don't need no bitch bitch bitch

[Verse 3 - Snoop Dogg]

hell no, i don't need one, and all that talking and
fussing bitch you can miss me
i put these signs 12 down on a 10 speed, before i let a
bitch get the best of me
i don't need no bitch bitch bitch
the recipe for danger, phone checking the recipe for
anger
i'll call my gang but i don't wanna bang ya
and i can tell how you tell all your friends about my ...
and my ... bitch
really i'm not perfect stranger, which turned you to the
perfect stalker
body like miss parker, maybe get little darker
and i'ma have to pass on that a-s you was too much in
the first place
never understood when it was ...
and that ... boys in the worst ways, you need to detox,
bitch see dr. dre
cause crazy ain't gonna get it, and tripping get you
nowhere
cause bitch i'm on that, bitch i'm on that

[Chorus]

i don't need no bitch bitch bitch all over me
tripping and calling my phone always like it
i don't need no bitch bitch bitch cause starting shit can
only bitch don't even try it
i'm out here crying that's why
i don't need no bitch bitch bitch
you need to quit talking crazy
i don't need no bitch
you need to quit talking crazy.
