This one right here is dedicated to a lot of famous  
players out there  
That might have been in love before  
I know some of you might not think gangstas fall in love  
I miss that bitch  
But uh, it's true

And if you been in love like I been in love before, you  
know  
It's hard to get back with somebody when they're gone  
I miss that bitch  
It's hard to replace that special someone  
When they just up and you know dip dive and so  
socialize

And what we gon' do right here?  
I miss that bitch  
We gon' kick something over this HiTek beat right here  
For all the players that lost somebody special  
And wonder where she at  
E. White kick that shit  
I miss that bitch

I got my eyes wide open  
The whole time I'm holding on to hope with you on my  
mind  
It's been a while child, I'm getting down with Dogg  
I bet my name all around your wall

Perhaps I went to jail that left us out of touch  
Shoulda shot some mail or something  
Ain't no telling where she at now  
I be goddamn, baby, I really wanna see what you got  
now

I'm all grown up with my shit together  
I don't know if I'ma see you ever  
I got a woman and shit but I must admit this  
You at the top of my list

Unforgettable, fuck with them niggas do  
I still miss and there ain't no getting rid of you

But in the mean time I'ma get with cha  
Until I get somebody with your hook up I'ma hit ya

I miss that bitch  
She was a pot of gold, her body was cold  
I don't know where you went? Where did you go?  
I miss that bitch

Shopping around looking around  
I'm tryin' to see, where could you be?  
How could you do this to me?  
I miss that bitch

My momma got mad, I was young when I hooked up  
with her  
One hit and I couldn't stop tripping  
A long lasting relationship  
Pass you around and let my niggas take a hit

I used to break you down just to roll you up  
You the real, you never will slow me up  
And you was always on my mind  
Say no more, I still miss you at times

All of a sudden you lost my interest  
I packed it up and set about my business  
You used to have a hold on me  
Sometimes to the point that they said you controlled  
me

I kept going to jail and all that  
Get out, fuck with you again, I'm right back  
I guess I had to learn the hard way baby  
I'm leaving you alone 'cause you driving me crazy

I miss that bitch  
She was a pot of gold, her body was cold  
I don't know where you went? Where did you go?  
I miss that bitch

Shopping around, looking around  
I'm tryin' to see, where could you be?  
How could you do this to me?  
I miss that bitch

Oh, Mary, Mary, Mary, quite contrary  
I thought you'll go [Incomprehensible]  
Oh, every time I think about that girl  
Make a nigga wanna have a wet dream  
Release some steam, oh, oh, oh  
I miss that bitch
