Winners, everybody wants to be a winner
Winning is everything, nah, winning it's d only thang
Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,

[Verse 1]

I can jump out the gym, I can ? I can swim
I am heavy on the case, I stay in first place
Mud on my shoes, taste blood on my face
Out of town, touch down never out of ?
Got train for the gold, I could go thrill around
Steal city baby, we've got super bowl down
Wreck a ? while I check that chick a flag
All this winning got me grinning
All this loosing got you ?

Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,

[Verse 2]

No more check...on my feet, it's just the ?
Man they get the truth to squeeze
And like the siege, I'm on a 50 game win streak
I can't be beat, I am the real hit
Real king real wings, that's what we say

I threw a shirt out cut out I'm on my way
FGA car under heat make plane
It's what amazing happens in the ? ei

Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,
Winning ain't everything, winning it's d only thang
When you're living life in the game,

Eo, we don't take them on the west side
Yeah, I ? to be the best ride
Rest in peace is for the weak
The last shot you all can go and put it on me
The last swing, the last throw, double U is all don't

Double you I am, double ...snoop do double g

Winning ain't everything, winning it's d only thang
When you're living life in the game,

When you're living life in the game,
