Bald head nigga named Melvin
He telling cuz how to live and he a felon

[Tyrese]

[Mr. Tan]

I gotta baby up the street
another baby mama around the corner
one I just screw
and the other I make love to
but Im in and out fool
I cant stay with one bitch
I gotta keep it pimpin
But now some drama and I aint with it
The nigga that used to knock my song momma up just
got out
And moms threw a nigga out for bangin on his spouse
And that nigga
Now he up in babys house
What Im gon do
Should I set it off
And play myself like a fool
Im a keep it cool
And see how long this shit gon last
I scooped up my son he tried to play my wit a ghetto

I aint havin that
Grab my strap
I got to do something
Fresh out but a nigga got to do something
And Im a baby boy with nothing to lose
