Jump kick wood tips on you in a second
Ready for the battle
You can pick the weapons

Smash on you Pronto
From all directions
Lined to fade up
Buttons get to pressing
Get you with the fisticuffs
Homie you my next win
Get you powered up and come back for revenge
When I start checking chin
You won't last a couple of seconds
Busters gone in a wind
And Doggy does it again
Step in y'all
Rapping Dogg

Probably get flipped
Probably get kicked
So you probably gonna lose
So you probably bout to quit
Alright then Dogg
Almost kicked your braids off
Shaker #1 and I still remain boss

Get your jaw broke
Get laid down quick

Put it on quick, pressed start to go!
