I'd like to welcome the Western Union
On to this 'Blue Carpet Treatment'
Some player partners of mine
We gonna show you this new dance we got

Like this, it's easy to do
Like this, yeah, it's so easy to do
Grab a honey, take her to the floor
And do it just like this
You can do it, you can do it, just just like this

You don't have to break it down to the floor
All you gotta do is keep movin' your hands
Like this, you can do it, you can do it too
Like this, you can do it, you can do it too
I feel player when I move and dance to the song
All I wanna do is get my groove on like this

I throw my hands like Marvin
Sorta like James Brown how I get down
I'm holdin' my chain so it don't swing
I'm slidin' my feet, stayin' on the beat

I dip low, then bring it back slow
If you didn't wanna dance why you on floor?
The mamis on the go with Mr. Luck on the catch up
Super duper behind and baby, this a set up

Two step with me, call your girls
I got 2 reps with me, they call the game quickly
Big boys move, I'm too cool for the runway
Player of the year, my gear is set for Sunday

Wait right here girl, I'm comin' back Monday
Slide right in front of me, get our dance on, Fred
Astaire
Faye Dunaway, eyes on us while we move to the clap
I'm nice with the dance and I'm smooth with the rap

We in the zone with the lights and glamor
Glass full of Patron and cold as grammar
Coat made of panther, excuse me, miss

Let me show you how to do it

Like this, it's easy to do
Like this, yeah, it's so easy to do
Grab a honey, take her to the floor
And do it just like this
You can do it, you can do it, just just like this

You don't have to break it down to the floor
All you gotta do is keep movin' your hands
Like this, you can do it, you can do it too
Like this, you can do it, you can do it too
I feel player when I move and dance to the song
All I wanna do is get my groove on like this

Let me holla at you baby, come close
It's Big Snoop Dogg, king of the coast
Walk with me, stay focused
Put it on me little momma, let me see you stroke this

It seems like the more hits
On a slow drip, bubble like a four fifth
And everybody, everybody notice
So too cool-cool Calvin Broadus

And every woman is a goddess
And every rapper is a artist
Yeah right, you're dead wrong to sing along
It's Godzilla for realla, my n*** King Kong

Givin' n*** the blues
As I'm walkin' on these fools in my blue suede tennis
shoes
I'm two steppin' with my *** close
On the dance floor, loc 'cuz you never know

Yeah, baby girl, she's s*** but she cool
'Cuz we ain't come to act no motherf*** fool
We just chillin' like a villain, got my hands to the ceilin'
And I'm feelin' the feelin', come feel it like

Like this, it's easy to do
Like this, yeah, it's so easy to do
Grab a honey, take her to the floor
And do it just like this
You can do it, you can do it, just just like this

You don't have to break it down to the floor
All you gotta do is keep movin' your hands
Like this, you can do it, you can do it too
Like this, you can do it, you can do it too

I feel player when I move and dance to the song
All I wanna do is get my groove on like this

Check it out, I, I know baby girl, I know
See out here on the West, naw, we don't do that
We don't do the motorcycle dance, we don't do the
snap, uh uh
We do it a little somethin' like this

Come here, come here
You think you can do that with me, baby?
Do it just like this
Like this, like this
