[Chorus - Nate Dogg]

Wait a minute, lonely girl  
They try to warn me  
They say you're horny  
Eager to give it up

Take a minute, lonely girl  
I'll be your daddy  
Be what you wanna be  
Be sure and give the cheddar to me

[Warren G]

She so sweet, so young  
But she so sprung on the fast life  
Whilin' out in public, subject thump about the past life  
Maybe that's why she don't act right  
So quick, so fast to fight  
over dick that her mother probably did last night  
Despite the dead beat daddy  
And daughter don't listen, get her ass beat badly  
It's so sad when my sisters get turned out  
And we get mad when they ass get burned out  
They ain't learned about an asswhoopin' down south  
That we used to get over Grandmama's house  
Open your mouth get popped right in it  
And this without a doubt, it don't stop, she ain't  
finished  
You know the business  
Switches don't raise too many fast bitches  
Now I'm all up in that ass bitches

[Chorus]

[Snoop Dogg]

It's chilly outside I had to grab my meat  
Stop and think, lil' mama get your daddy a drink  
I know you can't wait to shake and hit the gate on the  
dank  
To hit the roll with these real ones and play or skate  
Nate, told you the "Game Don't Wait"  
I can't believe you sit at home with the frown on your

face  
It's so young, it's so cute  
It's so us, it's so me, it's so you  
It's so we, it's on me, it's on you  
It's like the 1 and the 3 with no 2  
It just don't sound like it just don't feel good  
It just don't sound right, you hardly ever understood  
It's the big homie, yep the one and only  
No need to be sad and lonely  
Just phone me whenever you need a lil' company  
You so company especially when you humpin' me  
Wait a minute, take a minute, think about it

[Chorus]

[Nate Dogg]

I thought I was through with you  
Thought that you'd be long gone  
I should have knew that you wouldn't be lonely long  
From day one my paper grew with you  
How can I get through to you?  
I'm a hustla and I want it all

I thought I was through with you  
Thought that you'd be long gone  
I should have knew that you wouldn't be lonely long  
From day one my paper grew with you  
How can I get through to you?  
I'm a hustla and I want it all

[Chorus]
