[snoop talking]

Aiyyo soopafly, why don't you get work with one of them fly-ass remixes?

Dpg style...hahahaha...

[nate dogg]

Who's the man with the mic in haaand?

Who's the man with the masterlplaaan?

He goes by the name of snoop d-o-g

He play the mic and these bustas fleee

[verse 1, snoop]

It's a whole-nother day, I'm back up in ya

Snoop d-o double g, I representah

Been away for a while but y'all know

I'm still doggystylin on death row (you know!)

Got things locked down, sold up

So if you plan on comin out, fool hold up

This a stick up, get up

They got yo shiz on the shelf, oh mine's too

And guess who they gon pick up

Some fools think they know they hit, but they don't

Some m-a's escape, some won't

Bumpin' heads with bustas

Where you from? eastside, longbeach, represent 2-1

The homie just got paroled

And he got more stories than the highway patrol

Tellin me about the money suge knight stole

But don't let that leak 'cause, fool I get swole

I see you're tryin to get in, to get out

Put me up on game tellin me who gon' jack me

But ever since I was a puppy til I was paroled

I never had no other dogg pullin on my phone

Chorus:

Say snoops upside ya head

Say snoops upside ya head (say what?)

Say snoops upside ya head

Say snoops upside ya head

Hold on, what's my name?

Snoop dogg! snoop dogg! (snoop...) x4

[verse 2, snoop]

I see these rappers in this game be doin way too much
Actin tough with this east-west coast stuff
See me, I'm all about my money man
I stay fly and dry
I don't get caught up in the rain
'cause game (game) recognize game (game)
No matter where you from, we all can get dumb, insane
And turn the party out without a doubt
Unless you them fools who ain't got no clout
Lbc and beware of my crew
'cause uh, we out there stuck on the crazy glue
Upside ya head like oops, snoop's the lick
That you hear them bumpin in the hoops
You can't afford it homeboy, this is finished
I represented from v-a to venice
So when it's timid and cold outside
Rely on the d-o dub to put the heat in yo life

Chorus.

Now bounce to this (snoop dogg!)
C-walk to this (snoop dogg!) yeah...

Now bounce to this (snoop dogg!) yeah...
C-walk to this (snoop dogg!) yeah...
Yeah...know what...

[verse 3, snoop]

It takes a whole lot, to be number one
I can't walk down the street without my gun
I can't trust these fools, fly, it ain't no fun
I'm sittin' up in court 'cause somebody got done
What really counts is how the crowd bounce
Go home and say snoop rocked the partay
Nobody got killed, it's what got annouced
I guess they got a chance to see dr. bombay
But I keep my heat in case brothas get cold
Warm you up with the sheet, zip you up and roll
Now, doggystyle records is now official
I'm gettin paper out the plizate with my initials
Shippin weapons overseas, I'm makin g's
With who you might call enemies
But i, see nothin funny about makin money
'cause uh, we all know it don't grow on trees
So i...
Gotta get what I gotta get when I ? shake?
I'm up early in the morning with the homie nate
Burning rubber down to get a new car
So don't get jealous when you see me in the double r

Chorus.

[outro, snoop]

Now just ride to this, uh, bounce to this, uh, c-walk to this

Uh, whoo-ride to this, uh, eastside to this, uh, westside to this

Uh, whoo-ride to this uh, get'cha bang up

Yeah, snoop dub, baby, yeah, snoop dub, baby

Yeah, uh, yeah, snoop's up, baby, yeah, all up in it
