The world got a taste, your girl got a taste
Your grandma got a taste of it (they say they love it)

Coming from a city where no pity is shown
And everybody wants to be a G when they grown
Man heat seek for your done, a simple squeeze of the
chrome
You see a nigga run weak, next week he gone
But lately it's been shady and I don't like the zone
That's why I got so crazy on the microphone
You see I write the poems, they ain't liked your dome
Come in, the door's open and the lights is on
And this shit hit harder than the time you found out
That your girl was cheatin, I may be even
At faithful evening, you turned on the TV screen
And seen Rodney King take that beat shit
Heavy hittin shit, now the whole crowd fiendin
For that uncut raw, they could taste it even
This the reason I'm breathin
Now take 3 of these and call me when you have any
questions
Good evening

Ain't no turnin back now, no, the throne is ours
And that's a guarantee, cause see: I am into gassin

These trash niggas, I could go without it
These trash niggas like to coach you bout it
Cause they the ones supplyin this shit
Niggas in they mid 30's still lie in this shit like

I got too much passion for that monotone rapping
If silence is golden I wouldn't know it, I'm trying to
go platinum
Designer coat fashion, finer sewn fabrics
I'm so classic like I'm walking on a runway
You talk a lot of gun play, all that tough actin'
To me means you're coming out the closet one
day....any day, any way
I'm heavy hitting I could home run in any play
With no stripes, I'm so nice, what you know right,
cause I'm dope like,
What you sold, right? you know snow white,
How you a millionaire, still rapping 'bout your coke
price?
I don't get it, it's a joke right?
But the kids love it so it ain't wrong right?
Just food for thought, for the soul like,
Here's a piece have a whole bite and taste it.
