(Oooh, oooh, oooooooh)

Oooh

Oooh

(Oooooooh)

Yeah

(Yeah-eh)

Scoop, Snoop Dogg

(Ooooooh)

Yeah

(Those girls yeah-eh)

I love this

Right here loco

(Those girls)

[Chorus:]

Those girls

They don't mean

A thing to me

(Yeah, we got one

With this one now)

I was

Just playing the game

(Let me talk to them

For a second)

It was all a fantasy

(Turn me up

A little bit, trip)

Those girls

I got a call

From this hoe

The other day

(What she say?)

She say she just move

Down from the bay

To L.A

Well that's great

We should sit down

And talk face to face

You bring the barbeque

I got the paper plates

I can't lie girl

I like the way you shake
And when you the dance
The way you make
Your booty shake
Give or take
I rate you
About an eight
Or a nine
Ok, fine you a dime
And them other bitches
They gon' wait in line
They hating on you how
You take away they shine
Rewind, pay attention
To the signs
I see money
When I look you
In the eyes
No lie
I love how you stay fly
So fly, send a text
And I'll reply
(Ah-Ahhh)
And when you need
That good sex
I'm the guy

[Chorus:]
Ooooooh, those girls
Yeah-eh, those girls (2x)
Those girls
They don't mean
A thing to me
I was
Just playing the game
It was all a fantasy
Those girls

It was Kim, Delisa
Vanessa, Renee
I don't love hoes
Or respect what they say
Hey, yeah that's right
Tha Pound coming through
Get the F out the way
I know its been a minute
But your boy been away
It feels so good
Take me back in the day

I hit the studio

Then back to the stage
The lights come on
And the people
Start to wave
Then I seen this girl
She looked me
Right in the face like
"I know you 'memba me
And my homegirl Renee
We stayed downtown
In a lawful?
And we your number one
Biggest fans to this day
Wait, baby girl
I'm the great
Bigg Snoop Dogg
You got to bring me
Up to date
I know a lot a girls
Rock shows in many states
Room 2-20 bring ya friend
And some drank

[Chorus:]
Ooooooh, those girls
Yeah-eh, those girls (2x)
Those girls
They don't mean
A thing to me
I was
Just playing the game
It was all a fantasy
Those girls

Now where you going
To find a nigga fresh
Like me bitch
Somebody pass the lighter
So I can get this weed lit
She looking at my stones
Like "Damn is he rich?"
I'm looking at 'em hoes
"Damn is she thick?"
Fuck them other dudes
I'm the man to be with
50 million sold
Who's bigger
Than me bitch?
Nobody, let me put you
On to some G shit
Hop in the Benz

I'll get you higher
Than ski lifts
Then I'm 'bout to peep
The cat up like H??
Yeah, 'cuz all bitches
Need dick
And if they say they
Don't they just lying
They won't sit
Shotgun in the 500
Like she would, shiiit
Ah-ah, hold on baby
Wish it
Clear blue skies
Dipped till ya seize it
Your with the one and only
S-yes-N-Double O-P

[Chorus:]
Ooooooh, those girls
Yeah-eh, those girls (2x)
Those girls
They don't mean
A thing to me
I was
Just playing the game
It was all a fantasy
Those girls

Ooooooh, those girls
Yeah-eh, those girls (2x)
Those girls
They don't mean
A thing to me
I was
Just playing the game
It was all a fantasy
Those girls, those girls
Those girls, those girls
