Yea, That's My Work: Volume 1 the mixtape
Coming to a hood near you
That's right y'all, big Snoop Dogg
Brought to you by the makers of (niggas)
A ha ha, check this shit out

U hear me? here I is
I put that show in showbiz
U hear me? here I go
The one with the flow, the one with the dough
U hear me? you can't see
You wanna be just like me
Ya hear me? here I is
I put that show in showbiz

I'm all the way turned up
Ya'll slow in the game, you need that ketchup
I don't want the mustard, give me mayo
Keep blowing to the windows blow
Step out on the scene oh so clean
Oh so mean, with a platinum team
And if you don't know, now you know
I welcome all ya'll to the doggie style show
Hello, my name is Mac Shawn 100
This is Daz Dillinger and that's Kurupt
Supa fly, stay high, girl that's what's up
And my cousin right here, that's Snoop Dogg
You pay the cost to be the boss, now fuck all ya'll
This is magnificent, it's more than great
When you do a lot of shows from state to state
Ya hear me?

U hear me? here I is
I put that show in showbiz
U hear me? here I go
The one with the flow, the one with the dough
U hear me? you can't see
You wanna be just like me
Ya hear me? here I is
I put that show in showbiz

I got to hits you with the latest, this is doggie style
everything
Look at my chain, uh
My style, my fresh, boy I'm the best
I'm calculated in the game, I don't know about the
rest
Uhh, you rappers is a mess
You get around a lot of ladies
With S on your chest, uh, beat it buddy
Move around this square, you're at a real party now
With gangstas and playas, this is everything luxury
Courtesy of dog pound gangstas showing nothing but
love

U hear me? here I is
I put that show in showbiz
U hear me? here I go
The one with the flow, the one with the dough
U hear me? you can't see
You wanna be just like me
Ya hear me? here I is
I put that show in showbiz

I'm on go, I do it, fuck the dough
Another platinum show, mad court over though
You know I'm izza izza izza kizza iz I, reside? They
poppin pistols tonite
They dancing everywhere, freak a leakin and tweakin
I'm a real mag now so a gangsta be peepin
The way they watchin me? See I'm watchin them
This is that raw game, see it's hard to find
It's like sippin wine, getting better with time
Don't move too fast, umm doo goo
We might have to make a move, a story say poo uh
My diamonds is shinin, my music is right
We party real tough every Saturday night
You hear me?

U hear me? here I is
I put that show in showbiz
U hear me? here I go
The one with the flow, the one with the dough
U hear me? you can't see
You wanna be just like me
Ya hear me? here I is
I put that show in showbiz
