Beautiful, perfect, flawless, debonair

Where'd you get that silky skin  
And the colors those eyes come in?  
Does the light come from within?  
God made you, did he make the grin?

Wings are under all your clothes  
You're worth more than your weight in gold  
Where did God put down your mole  
Or were you only made for show?

Girl, you're perfect  
When God made you I wonder if he kept the mold  
Or are you just for show?  
Girl, you're perfect  
When I see you it takes my mind to cloud nine  
Girl, you're so fine, yeah

Lovable and yeah, you're pursuable  
Everything is beautiful, even down to your cuticles  
It ain't about me, it's all about you  
You make me do what you want me to

Yeah, it's just like that  
Here go my number, baby girl, why don't you get right  
back?  
You're a, perfect dime, I'm workin' mine  
Just the thought of me and you, I mean it's blowin' my  
mind

Can't explain it doe but if I'm wit'chu  
I can't remain a ho or stay in the flow  
It's a shame to know, I maintain the flow  
Baby girl, me and you is unexplainable

We need to get into actin'  
Can't you see this is a natural attraction?  
A lot of maxin' and relaxin'  
C'mon, baby girl, give a player some action, I'm askin'

Where'd you get that silky skin

And the colors those eyes come in?  
Does the light come from within?  
God made you, did he make the grin?

Wings are under all your clothes  
You're worth more than your weight in gold  
Where did God put down your mole  
Or were you only made for show?

Girl, you're perfect  
When God made you I wonder if he kept the mold  
Or are you just for show?  
Girl, you're perfect  
When I see you it takes my mind to cloud nine  
Girl, you're so fine, yeah

If you would, if I could  
You make the bad boy in me go good  
Tell a lie? No, I tell the truth  
Baby boo on the real, you know you hundred proof

I can't even believe that  
You livin' the single life, damn, I need that  
I hate to see a queen without a king  
If I had you I'd get you everything

Coast to coast, L.A. to Chicago  
See my baby, go wherever I go  
Costa Rica, Obrigado  
If I get you, I hit the lotto

Loco shoppin', get what you want to  
Sky's the limit so go on and spend it  
I said it, 'cause I meant it  
So go and give me your love and get in it to win it  
Hit it

Where'd you get that silky skin  
And the colors those eyes come in?  
Does the light come from within?  
God made you, did he make the grin?

Wings are under all your clothes  
You're worth more than your weight in gold  
Where did God put down your mole  
Or were you only made for show?

Girl, you're perfect  
When God made you I wonder if he kept the mold  
Or are you just for show?  
Girl, you're perfect

When I see you it takes my mind to cloud nine  
Girl, you're so fine, yeah

I know you dig my rappin'  
I see you smilin' so I might get some action  
Yeah, so let's get it crackin'  
It won't be no rerun, hey, hey, hey, what's happenin'?

It won't be no type of scrappin'  
Me and you, this is everlastin'  
I hate to sound sarcastic  
But we'll make a classic, it'll be fantastic

We need to get into actin'  
Can't you see this is a natural attraction?  
A lot of maxin' and relaxin'  
C'mon, baby girl, give a player some action, I'm askin'

Where'd you get that silky skin  
And the colors those eyes come in?  
Does the light come from within?  
God made you, did he make the grin?

Wings are under all your clothes  
You're worth more than your weight in gold  
Where did God put down your mole  
Or were you only made for show?

Girl, you're perfect  
When God made you I wonder if He kept the mold  
Or are you just for show?  
Girl, you're perfect  
When I see you it takes my mind to cloud nine  
Girl, you're so fine, yeah

The perfect girl livin' in a perfect world  
Like I said, I hate to see a queen without a king  
I'm available, let's make it happen  
Yeah, the dime or the dub, how you love that?

Yeah, Beautiful Part 2, thought you knew
