If I fly on a clod and rainy night would you still  
remember me?  
For so long everyday I die do you still remember me?  
You are the devil in my brain  
You are the mother of my pain  
You're fucking up my everyday  
Cold face cold face  
If I go to try to find the light would you remember me?  
No regrets but I am tired of this fight do you still  
remember me?  
You are the devil in my brain  
You are the mother of my pain  
You're fucking up my everyday  
Cold face cold face  
Tears running down your face  
But now it's too late for sorrows too late
