In the cold heart of the winter so cruel and so divine

Where truth is always hurting and you cannot hide into  
lies

My faith was bleeding lonely and my hope was dead  
for so long

In hell into fire not a miracle just feeling old

I was cold and lonely I was so afraid

Every hell has an angel waiting to be found

Every dreams was a nightmare sometime

In the cold light of December I couldn't find my way

My blood was frozen in my veins and my brain

Couldn't swallow the pain

My faith was bleeding lonely and my hope was dead  
for so long

In hell into fire not a miracle just feeling old
