Demons always there friends in black  
Reminding me that...  
One more time lost in heaven just fear I remember  
Empty eyes in a nightmare thanks givin' to forever  
But the light comes out of the black  
No no it's never too late I am the lord of my fate  
Demons always there friends in black  
Reminding me that...  
Sink your knife in my cold heart naked no cover  
Fragile soul dead so long now from grave will rise a  
new one  
But the light comes out of the black  
No it's never too late I am the lord of my fate
