"Attractive But Deformed"

She's an attractive girl
And very popular with her friends
She has many admirers
But never treated them seriously

Having a lot of dates, teasing all those stags
She can indulge in it, 'cause she's deformed so
gorgeous

Deformed lips covered with lipstick
Smell of Chanel on worm eaten neck
Rotten breasts smeared with smooth cream
Just a typical girl next door

Attractive but deformed
You'd fall in love with her immediately
Your parents would like her
Get the chance to dream come true!
