[music: Maly / lyrics: Cyjan]

Powerless, homeless, dead again,  
Terrible dreams, differed world in his mind  
Cemetary of his cells is falling again,  
Diabolic return to life in deadly form.

Putrid mould from a dead land,  
Sticky plasm without remorse.  
Death for alive, life for dead,  
It's not such a man as times ago.  
[lead: Maly]

Piece by piece again and again,  
Soggy shambles. People! Pray!

Dead again-go to hell, leave in peace,  
Dead again-look at people, devastation,  
Dead again-unatural, human pain,  
Dead again-hellish view, the guts are breaking.
