Inflammable, dangerous, impossible aliment.  
It must be suffering,  
Deadly pain,  
Life will not come back.

Peritonitis, abscesses, divided tissue, the stomach  
breaks.  
Bile is gushing from the flesh,  
Day by day mind is dying,

Infectious, cruel stench by virus of pancreas,  
Bile is gushing from the flesh,  
Day by day mind is dying.

Peritonitis causes attack of internal nervous cells,  
Pain is meddling with quiet life, it's time to die and  
scream,  
Peritonitis causes attack of internal nervous cells,  
Pain is meddling with quiet life, it's time to die and  
scream.

He says his prayers,  
He doesn't want to die,  
But soon he will be gone,  
And soon he will die.
