

## Snug "Bored Games"

I  
wish I wasn't here  
you're boring me to tears  
I'm alone  
in this world  
of mine  
Break  
your game that has no end  
your solitary friend  
you'll be glad  
when you hit the floor  
(chorus)  
Sitting all alone  
on my own  
wasting time  
wasting time  
I guess  
the human race is run  
the flies have come undone  
you've got nothing to say

this time  
Now  
that everybody's cold  
is blocking up your nose  
Playing chess  
is the best  
I can do  
(chorus)  
I wish I wasn't here  
I'm bored to tears  
in this world of mine  
Now  
that everybody's cold  
is blocking up your nose  
Playing chess  
is the best  
I can do  
(chorus)
