Hellnation's what they teach us  
Profiting from greed  
Hellnation's what they give us  
Coke, heroin and speed

Hellnation's when they tell you  
You gotta go clean up your act  
You're the one who dragged me here  
And now you drag me back

To this Hellnation, Hellnation  
Hellnation, Hellnation

Problem is few care  
About the people in despair  
If you help no one  
You're guilty in this Hellnation

Hellnation's when the President  
Asks for four more fucking years  
Hellnation's when he gets  
By conning poor people and peers

Hellnation got no choice  
What's the point of trying to vote?  
When this country makes war  
We all die in the same boat

In this Hellnation, Hellnation  
Hellnation, Hellnation

Problem is few care  
About the people in despair  
If you help no one  
You're guilty in this Hellnation

Problem is few care  
About the people in despair  
If you help no one  
You're guilty in this Hellnation

{It's the only world we've got

Let's protect it while we can  
That's all there is and there ain't no more}

Hellnations like to choose  
For a nuclear freeze  
So the unborn kids  
Pick up their chance to live and breathe

Hellnation asking aid  
For the minimum wage  
So kids of tomorrow  
Don't wind up slaves to their trade

In this Hellnation, Hellnation  
Hellnation, Hellnation

Problem is few care  
About the people in despair  
If you help no one  
You're guilty in this Hellnation
