Who's that kid in the back of the room
Who's that kid in the back of the room
He's setting all his papers on fire
He's setting all his papers on fire

Where did he get that crazy smile
Where did he get that crazy smile
We all think he's really weird
We all think he's really weird

[Chorus]
We never talk to him
He never looks quite right
He laughs at us
We just beat him up
What he sees escapes our sight

We never see him with the girls
We never see him with the girls
He's talking to himself again
He's talking to himself again

Why doesn't he want tons of friends
Why doesn't he want tons of friends
Says he's bored when we hang around
Says he's bored when we hang around

[Chorus]

We're all planning our careers
We're all planning our careers
We're all planning our careers
He says we're growing old
