Are you believing the morning papers?  
War is coming back in style  
There's generals here, advisers there  
And the Russians nibbling everywhere  
The chessboard's filling up with red  
We make more profits when we blow off their heads

Economy is looking bad  
Let's start another war  
(When ya get drafted)  
Fan the fires of racist hatred  
We want total war  
(When ya get drafted)

Drooling fingers, panic buttons  
Playing with missiles like they're toys  
There's easy money, easy jobs  
Especially when you build the bombs that blow big  
cities off the map  
Just guess who profits when we build 'em back up  
Yeah, what Big Business wants Big Business gets

It wants a war  
(When ya get drafted)  
Trilateral Commission goonies laugh and scheme for  
more  
(When ya get drafted)  
Call the Army, call the Navy, stocked with kids from  
slums  
(When ya get drafted)  
If you can't afford a slick attorney we might make you a  
spy

Forget your demonstrations  
Kids today sit on their ass  
(When ya get drafted)  
Just a six-pack and you're happy  
We're prepared for when ya get drafted  
When ya get drafted
