it never really mattered to much to me
that you were just to damned old for me
all the really mattered was your my girlfriend
and baby thats all that mattered to me

(Chorus)

let me love you down (even if it takes all night)
let me love you down (know its gonna to be so right)

remember when i drove you home from work
i loved the way when you kissed me bye
all your friends think i'm just too young for you (you tell
'em)
i can do what guys their age can do, aw baby
(chorusx2)

(breakdown)

it never really mattered to much to me
that you were too damned old for me
all that really mattered was your my girlfriend
and baby thats all that mattered to me, aw baby

let me love you down (ooh)
let me love you down (you know its gonna be so right)
let me love you down (ooh)
let me love you down (you know its gonna be so right
ooh)

(breakdown-2)

let me love ya...
let me love ya...

let me love you down, i know, i know i could
let me love you down, i know its gonna take all night
let me love you down, no, no, no, no
let me love you down, oh
