

## **So I Shot Myself "I Watched Her Die"**

She won't come back to me... Terror in her eyes makes  
me quiver with delight. I watched her die. I didn't do a  
thing. NO. Not a fucking thing. I watched her die.

Her stare burns a hole deep within me. I watched her  
die. I didn't do a thing. How long will this last? The  
shame... I'm fucked forever. How long will this last?  
Watch me waste the love of my life. Bloody angel...  
Now I'll rest in peace.

She won't come back to me...  
Terror in her eyes leaves me feeling satisfied. Terror in  
her eyes makes me quiver with delight.

How long will this last? The shame... I'm fucked forever.  
I just watched her fall from my arms. I just watched her  
fall away from me.
