

So Many Dynamos "Airtight"

There's a time for everyone.
Yes, everyone will have their time.
Enjoy the scenery, this scenery, the noose unwinds.
Someday we'll find the secrets buried in our spines.
We're all so petty and contrived.
Let's light a single match, one single match, this noose
unwinds.

I can hardly wait to pull this blindfold tighter over my
eyes.

There's a place for everything.
Yes, everything will find it's place.
Just keep it airtight, oh so airtight, as to not escape.
I always thought you made a better door than a
window.
But, who the hell am I to say?
Let's keep it airtight, oh so airtight, we cannot escape.

I can hardly wait to pull this blindfold tighter over my
eyes.

I'll give you something to cry about!

There's an end to everything.
Yes, everything will have it's end.
