

## Agua De Annique "Physical"

Visit "[Physical](#)" on MotoLyrics.com

You give me, I need you,  
I flourish, you bleed,  
Not to mention heeding the voice of reality.  
You whisper, my heart beats,  
That's bitter, that's sweet,  
But your service is ending:  
The minute you walk the street.

It's physical, irresistible, wonderful,  
It's logical, you're so marvellous, but  
Don't shut me out.  
It's physical, irresistible, wonderful,  
It's logical, you're so marvellous, but  
Don't shut me out,  
Don't show me out of your heart.

You smile and I see  
It's professional indeed.  
Just the one last time and I will be on my way.  
You give me, I need you,  
I flourish, you feel good,  
No reason to end this now.

It's physical, irresistible, wonderful,  
It's logical, you're so marvellous, but  
Don't shut me out.  
It's physical, irresistible, wonderful,  
It's logical, you're so marvellous, but  
Don't shut me out.

It's physical, irresistible, wonderful,  
It's logical, you're so marvellous, but  
Don't shut me out.  
It's physical, irresistible, wonderful,  
It's logical, you're so marvellous, but  
Don't shut me out,  
Don't show me out of your heart.
