Stay here ignorant forever now

Change and grow toward a better now

Escape is over for the ever now

Survive this will no-one

Will no-one?

The reason why may not be found

Search in my confusion

And tell me why I can't be found and help divide
illusion

Stay here hoping you have never found

Change and grow toward a better now

Face it

All lift to the level now

Survive this will no one

Will no-one?

The reason why may not be found

Search in my confusion

And tell me why I can't be found and help decide

Break me

Hold me

I don't feel safe

No more

I don't feel like no-one's gonna save us

There's no way around

And I still see conscience over rides what I want you to say

Are we all the same way inside here

Are we all the same way inside

I see I go my own way here

I feel I go my own way

I see I go my own way

I feel I go my own way

Break me

Hold me

I don't feel safe

No more

I don't feel like no-one's gonna save us

There's no way around

Don't tell me it's gonna be alright

Take one more step

I've said lately I won't

I want
