Demons come from every side (in the darkness is the light)  
Holding me on a downward slide (in the darkness is the light)  
Gettin' hot the deeper I go (in the darkness is the light)  
Into the darkness down bellow  
In the darkness is the light

I live my life in one striat line, the future ahead an' the past behind  
Don't wanna go back to yesterday  
But I don't know how long I can run this way

A tangled heart w/ tangled vines(in the darkness is the light)  
Tangled up in my own lies (in the darkness is the light)  
A creature there, in darkness lies (in the darkness is the light)  
Why is it that he has my eyes (in the darkness is the light)

I live my life in one striat line, the future ahead an' the past behind  
Now I can wall like I never knew  
An' they tell me the only way out is through the air

They say the truth will set you free (in the darkness is the light)  
Free to be down here on my knees (in the darkness is the light)  
But just when I think I've lost my sight (in the darkness is the light)  
I cech a glimpse of that beautiful light (in the darkness is the light)

In the darkness is the light  
Surrender now and win the fight  
This girl's walk of fire and ice  
But I come out on the other side of paradise  
Oh yeah paradise  
My paradise is killing you, is killing you baby

Paradise, paradise  
Oh yeah 3x's  
Paradise
