

## So Weird "One In A Million"

Visit "[One In A Million](#)" on [MotoLyrics.com](#)

What are the chances there'd be you and me  
There is no might have been, I say it's destiny

All of the lives we could live  
All of the love we could give

Who would ever guess  
Out of all the rest  
That you would be here with me  
Oh it's a one, one, one in a million world  
And we're two, two, two in a billion  
In a one in a million world

A zillion stars in the sky  
Planets all spinnin' by  
Take away what might have been  
And here we are again!  
It's a one, one, one in a million world
