Remembering the moments  
And feeling once again the pain  
I once would have forgiven you but now it's much to  
late  
In time I strongly believe  
You and I were meant to be  
Intentions to be forever but time has changed  
everything

You keep playing all your games  
And I, I just walk away  
Now you say your love is true  
Now that it's too late and I'm over you

Chorus:  
Don't look back, baby it's time to carry on  
It's too late to realize you need me after I'm gone  
Don't look back, I won't be the fool that I once was  
To ever believe that I was your only love

At times I should have noticed  
But love made me so blind to see  
That your love was anything but true and only  
deceiving me  
I gave you all my love girl  
And in return you gave me lies  
It's not so easy to come and return to me after all this  
time

You keep playing all your games  
And I, I just walk away  
Now you say your love is true  
Now that it's too late and I'm over you

(Chorus 2x)

Here we go, here we go (2x)  
Oh yes, I've been waiting to waiting  
Stay with me

The only things left to say are a few words of my

advice

The best thing you can do is change

And leave all the games behind

It's too late to say sorry

Understand my point of view

All the trust I had in you is gone there's no one to blame  
but....

You keep playing all your games

And I, I just walk away

Now you say your love is true

Now that it's too late and I'm over you

(Chorus)
