By the light of the moon dark thoughts rise up... they
haunt my dreams
while the wind carries their voices and screams

[Awakened by sirens, armed with the wrath of Gods
(x2)
we ride the storm, may our rage
may our rage, defend creation]

Awakened by sirens, armed with the wrath of Gods
we ride the storm may our rage, defend creation

By the light of the moon dark thoughts rise up... now we
haunt your dreams while the wind carries our warcries

[Awakened by sirens, armed with the wrath of Gods
(x2)
we ride the storm, may our rage
may our rage, defend creation
Cover of darkness
beneath the bleeding horizon.
Your end is now. Justified]

Awakened by sirens, armed with the wrath of Gods
we ride the storm,
may our rage, defend creation

Awakened by sirens, armed with the wrath of Gods
we ride the storm, may our rage
may our rage, defend creation

Awakend, awakened, awakened by our sirens
oh armed with the wrath the wrath of gods
we ride, we ride the storm
and may our rage defend creation.
We ride we ride we ride the storm yeah
may our may our rage yeah
defend defend creation
awakened by, oh by our sirens
oh with, with the wrath of gods
we ride we ride the storm

and may our rage defend creation, creation creation.
