Try to keep your dark secrets Always at the bottom But all those lies Will never be forgotten.

You find your own way And climb the highest mountains behind Those close drawn curtains. I will always keep my faith Dance all fears away.

Just pretended not to remember All your fals behavior fake pomp Leads you to your downfall.

You find your own way And climb the highest mountains behind Those close drawn curtains. I will always keep my faith Dance all fears away.

Grifted wealth but no bills payed fake love Will rain on your parade The only one who really knows What you do is your own shadow.

You find your own way And climb the highest mountains behind Those close drawn curtains. I will always keep my faith Dance all fears away.
