With the three means of punishment
words thoughts and acts
ya shall not injure living things
ya shall not injure living things

But what happens every day
we lead thousands of creatures to the slaughter
it is like the entrance in hell

My thoughts gave my actions a battle
and that's why i am here
To give another battle to the ones
who destroy the creation

With humility i fall to my knees
and pray for forgiveness
But the immortal souls of the dead give
rise to a demon

That demon and his army of undead warriors
prepare for reprisal
And they will beat us with our own weapons
Which means harm cruelty and death

But we shall not cry
we deserve
to be punished
And I will die with a smile on my face

But we shall not cry
we deserve
to be punished

And I will die (and I will die)
with a smile (with a smile)
on my face
