Nothing is what it seems (Fairytale figure media)
You're giving me the creeps (Preaching men fake
behavior)
I was caught up in desire for the unattainable
I tried to start a fire but it was not sustainable

[Chorus]

You left me dead, dead as dead can be
Now come down and devour me till there is nothing left
to see
So I will never take part in your enormous deception

Send your creatures of night (While I lay me to sleep)
Take away every sparkle of light (Now let them bury me
deep)
Someone cast a spell on me thrice blessed catastrophe
Oh please let me use that spell, just take me from this
hell

[Chorus]

You left me dead, dead as dead can be
Now come down and devour me till there is nothing left
to see
So I will never take part in your enormous deception

After all that you've done I should hate you for what
you've become
So I will never take part in your enormous deception

[Chorus]

You left me dead, dead as dead can be
Now come down and devour me till there is nothing left
to see
So I will never take part in your enormous deception

You left me dead, dead as dead can be
Now come down and devour me till there is nothing left
to see

So I will never.. take part in your... enormous
deception...
