I saw your eyes and I didn't know what happened, but it  
stole my heart.

I buried myself underneath the stars.

Looking towards the open sky for a familiar face to  
answer my cry.

I couldn't move or breath, so I held on to everything.  
And made it worse when it was ove,  
Fifty five tears fell in silence.

This happened every time I saw you,  
So i would walk away,  
Hoping you wouldn't follow me.

But you did.

And I screamed with confusion,  
And screamed with anger.  
Until you held my hurting heart,  
And the nights with violence move ever so fast

Because I see your face when my eyes close with the  
deepest pain.

I'll pray that you'll hold my,

And I'll pray that I can feel your arms around me,

And when fifty-five tears fall in silence

I'll pray that you'll be here to wipe them away...
