So far away and so far gone
You made it this way now don't tag along
You made
Me believe that something was there
But now all youve done is stranded me in
The middle of nowhere
Because your so far away from me
As far away as my eyes
Can see
But now your back again
Do my eyes decieve me
I have made my
Mind
I've had the chance to decide
That this is the last kiss
Then it is
Goodbye
Please don't lie to me
This is not a game
What you've done to me has
Made me go
So far away
And so far gone
You have won
The beating of my
Heart
So far apart from reality
So torn apart you broke my heart
Into a
Million pieces I knew this from the start
You brought me down but I'm past you
Now
You either chose me or him but it's
Neither of us now
Because your so far
Away from me
As far away as my eyes can see
But now your back again
Do my
Eyes decieve me
I have made my mind
I've had the chance to decide

That this
Is the last kiss
Then it is goodbye
Please don't lie to me
This is not a
Game
What you've done to me has made me go
So far away
And so far gone
You
Have won
The beating of my heart
So far apart from reality
