Life keeps changing
Swinging bad and good
There's joy and pain
In the neighborhood
Through thick and thin
You know I wanna be there (I wanna be there)

Wanna hold you close, wanna hold you thigh
Wanna be with you, every single night
You could be the one, we could be the two
It's a loving thing, Baby

[CHORUS]

It don't matter where the river flows
Through the desert or the freezing cold
You will never have to be alone
If you want me I'll be there
'Cos I'm always gonna care

Got so much trouble
In the world today
I'll need someone
To help us find our way
It's you I need
It's you I wanna be there (I wanna be there)

'Cos you lift me up, when I'm felling low
When I'm moving too fast, you take it slow
Wanna be the one, we could be the two
It's a loving thing, Baby

[CHORUS]
