The face you keep hidden under yor bed
The fear that sometimes makes your feet go numb
The awful things you never said
I know you now
And that is why
I love you

You're scared of doing something bad
You're scared of losing something you could have
All the stuff that makes you sad
I know you now
And that is why
I love you

The summer sunlight in your hair
The fire in your eyes when you go mad
That worn-out sweater that you wear
I know you now
And that is why
I love you

The things you thought I never knew
The darkest parts you tried to keep from me
I saw the good and bad in you
I know you now
And that is why
I love you so
I love you so
