Hey...  
been worried about you these days  
fast and enough to throw up  
dizzy up and roll down the displays  
it can't stop  
you tried to let it go  
be aware don't you know  
spoken before they finished  
all the time has accomplished  
they throw me out  
without knowing how to shout  
forget the days  
if you really want me  
just please stay

there's two more days left before i go  
i really think you don't know  
if it's the way you want it to be  
discuss all the things for you  
first just look at me  
you came down the hills just to pass me by  
looking for a chance to cry  
setting the birds all free  
but look at me

hey....  
been crazy all the time  
do fight but don't do crime  
this time i would just stay  
but there's no other chances to say that  
i hate you  
i love you  
why can't i remember to forget you  
must be stupid cos i know what else to do

(chorus 2x)

[spoken]  
hey is aaron home?  
well will you tell him i stopped by  
  
did you forget the day i told you

the rumors are passing through  
just tell me how you feel  
it all happen real  
forget the day i called you  
forget the time i told ya  
give me pressure to give it all away

(guitar solo)

(chorus 3x)
