

## Sofie "Make Me"

Visit "[Make Me](#)" on MotoLyrics.com

don't  
change me to who you want  
i don't want to be the girl who likes pink stuff  
i want to be myself  
don't  
let me speak in a different way  
there's nothing else for me for you to say  
leave me  
alone and ready the sign  
deal it with my decision

miss weirdo  
change your everything  
doesn't fit in  
miss stupid  
change what you say  
i'm not gonna use it anyway  
see  
make me make me make me

don't  
even think about how i finished everything  
speak  
the same language right here  
please  
shut your mouth  
and go far away away way yeaaa

miss weirdo  
change your everything  
doesn't fit in  
miss stupid  
change what you say  
i'm not gonna use it anyway  
see  
make me make me make me  
miss weirdo  
change your everything  
doesn't fit in  
miss stupid  
change what you say  
i'm not gonna use it anyway

see  
make me make me make me

make me  
make me  
make me  
make me  
make me  
MAKE ME!

(guitar break)

miss weirdo  
change your everything  
doesn't fit in  
miss stupid  
change what you say  
i'm not gonna use it anyway  
see  
make me make me make me  
miss weirdo  
change your everything  
doesn't fit in  
miss stupid  
change what you say  
i'm not gonna use it anyway  
see  
make me make me make me  
miss weirdo  
change your everything  
doesn't fit in  
miss stupid  
change what you say  
i'm not gonna use it anyway  
see  
make me make me make me

why don't you make me (make me?)
